Barangay La Libertad, Santo Tomas, Davao del Norte, 8112 • lorins.sabyir@gmail.com • 09512541829

Summary

Motivated Information Technology student with hands-on experience in developing mobile and web applications using Flutter, Angular, and Firebase. Demonstrated capabilities in programming, problem-solving, and UI/UX design with a commitment to delivering user-friendly technological solutions.

Relevant Experience

Provincial Government of DDN, IT Department

On the Job Training Student

Tagum City Capitol, DDN

Feb 2026 – May 2026

- Assisted in the development and testing of web applications, collaborating with team members to deliver efficient and user-friendly solutions.
- Designed a web application using Angular to streamline the DTR, payslip, and justification processes, enhancing operational efficiency.
- Developed a daily time record system for third-party employees, improving accuracy and accessibility of employee data.

Panabo City, Traffic Management Unit

Student Developer for Thesis Project

Panabo City Hall, DDN

Feb 2025 – May 2026

- Proposed a digital solution for the manual traffic violation ticketing process.
- Developed a mobile application to digitize the traffic ticketing process using Flutter and Firebase.
- Implemented machine learning forecasting using Python to predict possible monthly traffic violations.
- Engineered RoadWatch, a Smart Digital Traffic Citation and Monitoring System, featuring machine learning-based violation forecasting to enhance traffic management.

Education

Davao del Norte State College

Bachelor of Science in Information Technology | GWA: 1.63 | Cum Laude

Panabo City, DDN

- Best Capstone Project
- Best Project Exhibit Design

Certifications

- CISCO Certified - Introduction to Cybersecurity
- CISCO Certified - Getting Started with Cisco Packet Tracer

Skills & Interests

- Skills:** Skilled in mobile and web application development using Angular, GitHub, JavaScript, PHP, Python, Firebase, MySQL, Flutter and modern development tools.
- Language:** English - Fluent in written and verbal communication.
- Laboratory:** Basic knowledge in web and mobile development tools, database management, UI/UX prototyping, network management, and cloud-based development platforms.
- Interests:** Interested in mobile and web development, exploring new technologies, UI/UX design, machine learning, and building innovative software projects.
